## *Top Ranked Legal*

---

It began as a simple idea in 2019: a single weighed ranking that summarizes the many rankings directory results available for lawyers and law firms and their clients.

As the leading online aggregator of lawyer and law firm rankings, we provide law firms' clients with a comprehensive and unbiased guide to the top ranked lawyers and law firms worldwide. And our ranking tables are just the beginning. We also serve law firms' clients with practice area focused editorial content on our site, through social channels, and this monthly Newsletter.

Our mission is to help law firms' clients make informed decisions about how to spend their time and money on legal services. We believe that multiple opinions are far better than one and that the lawyer rankings are easily searchable by jurisdiction, practice area and firm name.
