Lack of Tech Cost us Fitipaldi, and Why Lawyers Should Pay Attention

The first time I heard about Legal Tech I was networking with colleagues on a IBA Conference held in Rio de Janeiro many years ago. While sipping my caipirinha during the opening ceremony, the conversation shifted to this "futuristic" solution called Legal-Tech. Although I pretended to find the conversation interesting, I just wanted to laugh:

Top Ranked Legal

It began as a simple idea in 2019: a single weighted, quarterly updated rankings that summarizes the many rankings results available for lawyers and law firms and their clients. As the leading online aggregator of lawyer and law firm rankings, we provide law firms' clients with a comprehensive and unbiased guide to the top ranked lawyers and law firms worldwide. Our ranking tables are just the beginning. We also serve law firms' clients with practice area focused editorial content on our site, through social channels, and this monthly Newsletter.

Our mission is to help law firms' clients make informed decisions about how to spend their time and money on legal services. We believe that multiple opinions are far better than one, and that the lawyer rankings should be easily accessible by jurisdiction, practice area and firm name.
